Adviser Miss Kauffman

The staff of the 1961 MEM-O-RE invites you to share with us the events of the past school year. Through photos, art, and text we have tried to record the sounds and the activities of our school, such as the laughter of happy children at play, the marching of busy feet, the rhythmic clicking of the typist, and the hum of classroom discussions.

We seniors have spent the past twelve years in making this record by working, studying, and playing together. The spiritual emphasis of our Christian day school has been an excellent background against which these activities have echoed.

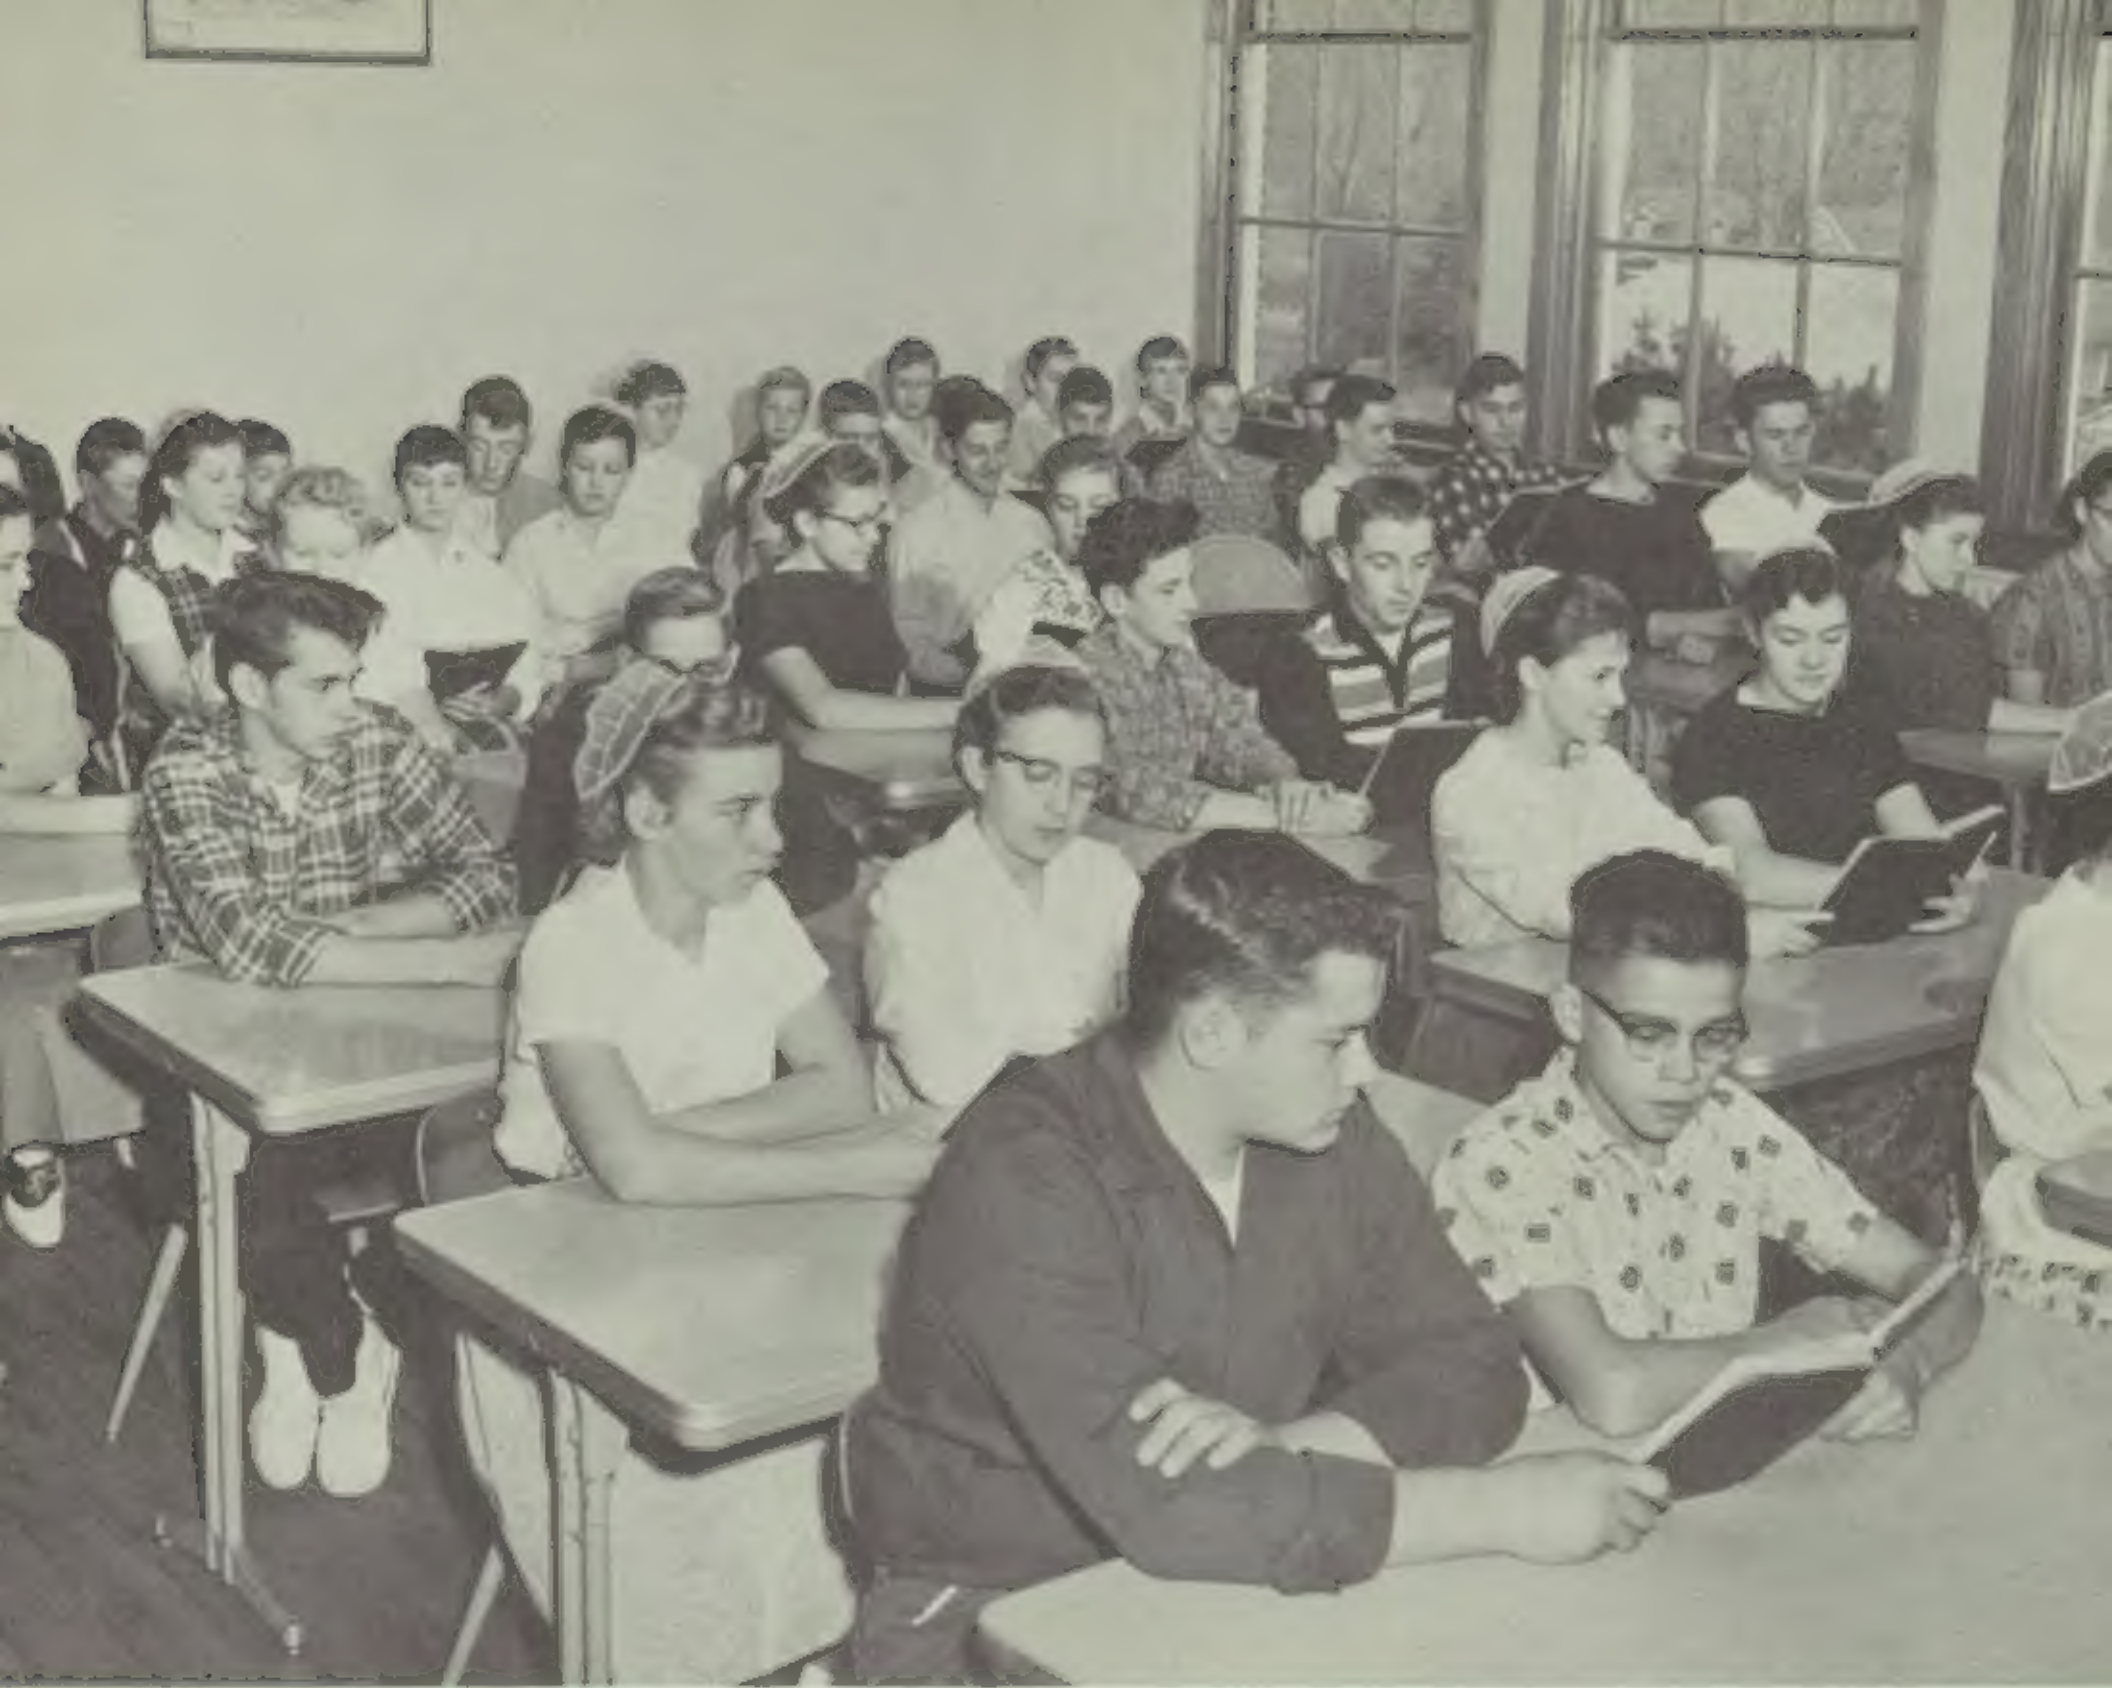

Now the time has come to flip the record. The second side will reveal how these twelve years of preparation will be used as we as a class face the years ahead in college, on the job, in the home, church, and community. Our prayer is that Christ will continue to guide us through our future years.

Mr. and Mrs. Norman Kauffman, Jonathan, Galen, Kermit, Leroy.

Dedication

We are happy to dedicate this 1961 MEM-O-RE to Bro. Norman D. Kauffman. His worth-while contributions as teacher, bus driver, and chorus director will be long remembered and appreciated.

We are elected by the patron body, and as their representatives, we indeed are conscious of the responsibilities that are placed upon us. Much responsibility is in spiritual needs as well as in financial needs.

One evening each month the board members meet and devote much time and thought to the problems and duties of operating a Christian school.

We are indeed grateful for the Christian teaching staff.

Our constant prayer is that patrons count it a privilege to send their children to our school, and that students of our school will be aware of the opportunity they have of attending a Christian school.

May God's guidance and blessing be upon the work of the school.

B.A., Eastern Mennonite College; M.Ed., Cornell University. English, Social Studies, Bible.

DEAR SENIORS,

J M S. for you will be more than a memory as you leave these halls; it will be a symbol for a way of life.

It will be for you a pattern of thinking and living which you have acquired through twelve years. Actually you will discover that J M S. has become a part of your personality and spiritual fitness.

It is not that Johnstown Mennonite School is another name for faith or religion, but it has become in a practical way, we hope, an embodiment of the principles which the Word of God upholds, and in this respect, we will be pleased if you will indeed be a sample of what the school attempts to uphold.

You are now joining a long list of alumni. You will never again be a student of J M S. You have graduated. Your place here will be long remembered and your contributions missed. God bless you as you enter a fuller life of service.

Yours truly,
SANFORD G. SHETLER

Actually we've done it! We've risen on the scale until we are juniors! This year has been an interesting one to us, the class of 1962. It took many "secret meetings" to harmonize all the chords for our major class recital—the Junior-Senior Banquet—but through it all we found ourselves moving more in unison than ever. The rattle of popcorn and the soft rustle of napkins provided rhythmical and financial background to our masterpiece.

We look forward to being the "Scholastic Seniors" next year.

Sophomores

Miss Kauffman—Adviser.

The melodious name "sophomore" comes from two Greek words—*sophos*, meaning wise; and *monos*, meaning foolish. We have had a most enjoyable year and we hope that no one has thought us more foolish than wise. To provide the necessary accompaniment for future class activities (money) we sold Christmas candy most successfully.

Our school year was harmoniously closed with our spring social provided by our adviser, Miss Kauffman.

We look forward to the years ahead in which we wish to prepare ourselves for our places in the great choir of Christian servants. With the harmony of this year fading away into history, we hope our next two years will prove as joyous.

As junior-high pupils we are happy to record many enjoyable experiences in classes and recreation periods.

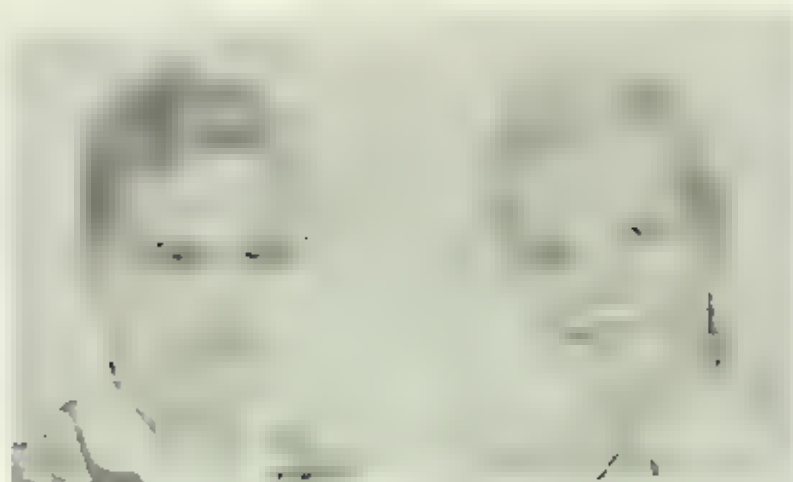

We appreciated the efforts of our five teachers in doing their utmost to make our classes interesting.

Instrumental music was introduced this year. We enjoyed using our symphonets in our music class.

We shall always remember the fun we had at our three socials. These high lights of the year began with the theme of the first Thanksgiving, when among the rustle of decorations from the out-of-doors we "Pilgrims" were happy to entertain some friends from the community.

Our St. Patrick's party and spring social were equally enjoyable.

Religious Life Committee. Left to right

The most vital part of our school activities is the daily chapel. The Religious Life Committee has had a large responsibility in planning these programs which help to guide the students into a deeper Christian experience. Bro. Shetler has been most helpful in directing our plans for these programs.

Bible quizzes, hymn sings, student talks, as well as guest speakers have been included in our programs. We are certainly thankful for a Christian school where we may enjoy daily periods of spiritual enrichment

Each Tuesday and Friday morning the halls of J.M.S. rang with the joyous melodies (and sometimes noise) of the chorus in preparation for the tour and programs ahead. Almost everyone in high school participated, which helped to make it a success. Besides the main chorus, which was directed by Bro. Kauffman and Bro. Shetler, we had several special groups, such as trios and special choruses. The grand finale of the year was our chorus tour.

THE MEMORe PROJECT
A CLASS OF 1961 PRESENTS

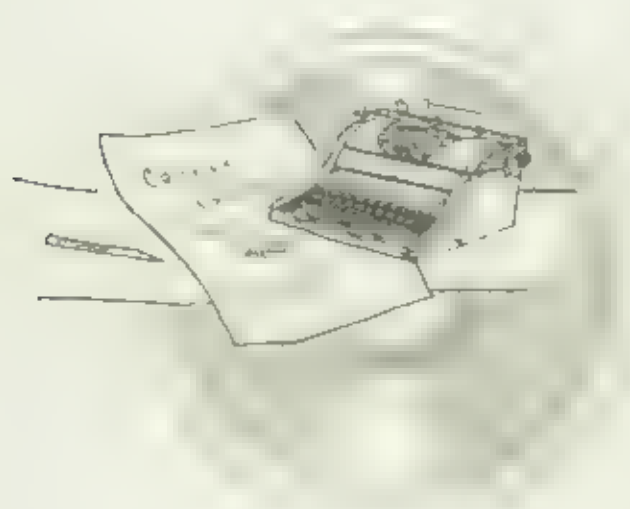

The class of 1961 presents this MEMORe hoping that you will find recorded in these pages notes of information, scenes of activities, some of the thoughts and high lights of the school year. May it give you a deeper appreciation for the school and for those who are striving to make it a success.

Pilot Staff Editor, Eloise Thomas; Assistant Editor, Joyce Hershberger; Artist, Joe Shetler

"All reports due Friday"—this on the board has become very familiar to us at J.M.S. All through the year we have worked hard to perfect our "composition," the *Conrad Grebel Pilot*. Through this medium we have endeavored to play to the public short recordings of movements of school activities.

Business Manager, Harley Thomas
Assistant Business Manager, David Hostetler

Student Council consists of two junior-high students and students from each grade of the high school, plus all the teachers. Together we work to improve the general welfare and to provide certain improvements around the school.

During the year we sold meals, which helped us to buy outside wastebaskets, improve the bell system, and put fence around the lawn.

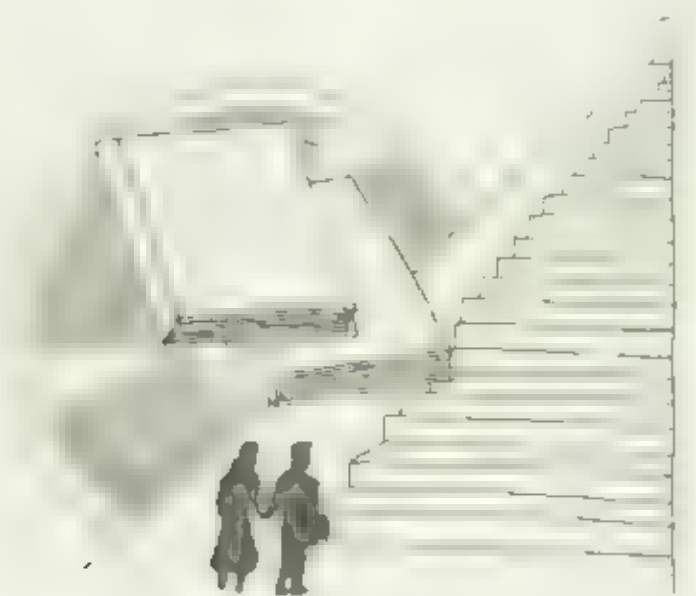

Putting plastic covers on new books we received this year

Lucie always keeps our bulletin board looking nice

Books and bulletin boards are an invaluable means of communication in the reach of all.

In the best books great men talk to us, record for us their most precious thoughts, and pour their souls into ours. Books are true levelers. They give to all, who will faithfully use them, the society, the spiritual presence of the best and greatest of our race. Books can be among man's truest consolers. In the hour of affliction, trouble, sorrow, or joy, he can turn to them with confidence and trust. Books are the noblest work of man; therefore God be thanked for books.

We as a social committee have tried to plan for a variety of enjoyable socials for everyone. These socials have taken our thoughts away from the humdrum routine of regular classes and have cleared our brains for future studies. We began the year with a note of welcome for the Norman Kaufman family as the theme for our first social. Our ghostly Halloween social provoked squeaks and squeals of laughter and fun, but a chorus of "ah's" greeted the high-school room decorated for the Christmas banquet, which closed with a carol sing. Heavy snow muted our social melody for a time this winter, but only until conditions were right for the ring of skates and sled runners. Warm spring evenings brought renewed notes of pleasure as we enjoyed the last socials of the year.

The wholehearted co-operation and participation of the students made our social year a harmonious success.

In the fall enthusiastic shouts were heard as the girls' volleyball tournament was played off. During the winter months the rhythmic tapping of ping-pong balls told of the ping-pong tournament in full swing. There were also boys' and girls' basketball tournaments to add zest to the long winter months until spring found us on the ball field again.

Of course, we could have had none of these without the wholehearted co-operation of the student body.

This year we boys have had some interesting games in soccer, basketball, volleyball, and football.
We also played Belleville Mennonite School a game of basketball.
We enjoyed doing a little special work to improve our ball diamond. These efforts were most appreciated during the spring baseball season.
